ABOUT XPORT PLUMBING

MODERN SOLUTIONS FOR PLUMBING, DRAINAGE & GAS FITTING

INDUSTRIAL • COMMERCIAL • RESIDENTIAL

Located in Queensland's industrial hub of Gladstone, Xport Plumbing Ltd is Central Queensland's leading plumbing and gas fitting business servicing the residential, commercial, mining and industrial sectors.

No job is too big or too small for our team of highly skilled tradespeople who work on projects ranging from domestic plumbing, to mine camp installations and everything in between. From repairing the drainage at a residential home to designing professional systems for construction and mining projects, Xport Plumbing has the modern solution for your every plumbing and drainage need.

We are committed to superior customer service, quality workmanship and professional people. Whatever your plumbing and drainage need, Xport Plumbing will combine our extensive experience, skilled team and high quality service to ensure your project runs smoothly and efficiently.

“We are committed to supporting the ongoing growth and prosperity in the Gladstone Region, and have strategically grown our capabilities to meet the needs of residential and commercial clients while also undertaking larger scale industrial projects. We are proud to provide a locally-owned plumbing service underpinned by invaluable knowledge and top quality resources.”

MARK, STEVE & CLIFF

OUR PEOPLE

XPORT DIRECTORS

Xport Plumbing was established in 2008 when directors Steve Kelly, Mark Whitmore and Cliff Pugh joined forces. As three highly experienced plumbers they offer a wealth of local knowledge and expertise in plumbing and gas fitting with proven reputations for quality workmanship. All three Directors were born and bred in Gladstone and have previously owned their own plumbing businesses.

XPORT TEAM

The Directors of Xport Plumbing lead their highly qualified, licensed and enthusiastic team to undertake projects across Central Queensland.

Xport Plumbing employs a range of diversely experienced staff including plumbing and gas fitting tradesmen, operators, delivery drivers, apprentices, roofers, sheet metal workers and administration staff.

Customer service is a high priority for all of our team members and we strive to build long lasting relationships with both our clients and within the wider community.

SAFETY

At Xport Plumbing we are committed to safety in everything that we do. We have intentionally designed policies and procedures specific to our environment and actively manage their continuous improvement through our management systems.

Xport Plumbing employees are provided with all the necessary equipment, PPE and ongoing training to ensure the safety of our team and yours. They are fully qualified and work toward International and Australian Safety Standards in all that we do.

COMMUNITY

Xport Plumbing is proud to be involved in a number of community initiatives within the Gladstone Region and further afield. We support a number of junior sporting competitions and numerous charities.

Our Directors are also committed to the support of future tradespeople and employ a number of apprentices each year, sharing their experience and skill sets with the next generation of plumbing and gas professionals.

“Xport Plumbing provide excellent support from emergency repairs to new plumbing requirements and major works. They are more than happy to assist, respond in a very prompt manner and take great pride in their work. I have always been pleased with their high level of customer service and quality of works.”
